Orpheum! TALKIES Home of Real TALKIES

TONIGHT - FRIDAY - SATURDAY

TEMPESTUOUS

Sophie Tucker

RED HOT MAMMA OF WHOOPING

IN

"Honky Tonk"

— with —

Lila Lee - George Duryea - Audrey Ferris

Story of Great White Way, Idol of Bright Lights and a steaming dirk of sizzling melodies. See and hear Sophie sing these songs: "He's a Good Man to Have Around," "I'm Doing What I'm Doing for Love," "I'm the Last of the Red Hot Mamas," and several more for good measure. Come and enjoy red hot rhythm, scorching songs, syncopated steps—young or old, hot or cold—Sophie burns 'em up—so don't miss it!

Coming - Monday, Tuesday, Wednesday
GREAT STAGE PLAY

"TWIN BEDS"

Featuring

PATSY RUTH MILLER and JACK MULHALL
100 p.c. Talking-Singing

"Twin Beds" is the greatest of all bedroom farces, with many of the original play laughs and hundreds of new ones. See palpitating predicaments, comic complications, difficult decisions, spectacular dance ensembles. Hear Jack talking, singing, playing piano and see him take eight peeps into a pretty girl's boudoir—and each peep is 1000 laughs long. Take a tip and see it! You'll enjoy it!

Any member of the club not participating in games may have the privilege of attending the banquet and will be assessed the costs of his dinner.

The banquet will be held on the evening of Thursday, December 12th, time and place to be announced later.

A mechanical man who talks without thinking has been constructed. We have met some of 'em.

BLAIRMORE YOUNG LADY MARRIES AT LETHBRIDGE

The marriage of Miss Edith, daughter of Mr. and Mrs. Robert Hays, of Blairmore, to Mr. Thomas Loyell Outten, of Olds, took place at St. Augustin's church, Lethbridge, on Saturday, November 23rd. Mr. Frederick Goodland and Wm. Maird Ash supported the groom and bride. The ceremony was performed by Rev. Arnold Clay, brother of Rev. Henry Clay, formerly of Blairmore.

ELKS HOLD ANNUAL MEMORIAL SERVICE

The members of the local lodge of Elks assembled in their hall on Sunday afternoon last for their annual devotions.

The chair was occupied by Exalted Ruler J. A. Kerr, while other members of the executive occupied their respective positions.

The Hillcrest orchestra under the able leadership of Mr. W. H. Moser, was present and assisted greatly in the programme.

The memorial address was delivered by Rev. A. D. Currie, of the Anglican church.

REBEKAHS' TEA AND SALE

You are asked to bear in mind the tea and sale to be held in the Lodge hall on Saturday from 3 to 6 p.m., under the auspices of Crowview Rebekah Lodge.

The members of this organization have been busy for a considerable time and will have on display many articles suitable for the gift season.

Jan. 4—Bellevue at Lethbridge.

Jan. 6—Blairmore at Coleman.

Jan. 8—Lethbridge at Bellevue.

Jan. 10—Coleman at Hillcrest.

Jan. 11—Blairmore at Lethbridge.

Jan. 14—Coleman at Bellevue.

Jan. 15—Lethbridge at Hillcrest.

Jan. 17—Bellevue at Blairmore.

Jan. 20—Hillcrest at Coleman.

Jan. 22—Hillcrest at Bellevue.

Note—Game scheduled for Dec. 25, Blairmore at Bellevue, is subject to change.

Lethbridge, Hillcrest, Bellevue, Coleman and Blairmore were represented at the meeting.

BRITAIN TO PROVIDE \$50,000,000 RELIEF

LONDON, Nov. 14.—With the number of unemployed increasing from week to week, the Labor government has decided there is no hope of reducing the ranks of jobless in the next year, the United Press learned tonight.

To meet the situation, the government plans to spend \$60,000,000 in additional relief to dependents of unemployed and to workless persons between the ages of 16 and 18. It will introduce a bill to the effect, the text of which will be published tomorrow.

It is understood that Chancellor of the Exchequer Philip Snowden plans to raise the \$60,000,000 from a new tax on land valuation.

The Catholic Women's League will hold a bazaar and tea in the new parish hall at Bellevue on Saturday from 2 to 6 p.m.

Blairmore, Alta., Thur., Dec. 5, 1929

TOO MAD FOR WORDS

It has become a commonplace nowadays for ladies to shoot their husbands over differences in bridge and really there are few to censure them, for bridge is a serious pursuit with principles involved.

Rummy, however, is a more frivolous game, and rummy fiends have adopted a superior attitude toward the intense bridge hounds, claiming that they can play all night in any society without an unkink word or a harsh thought.

A serious stabbing affray in Blairmore, with one victim still in hospital started with a quarrel over a game of rummy.

So after all there is little to choose from a moral standpoint, between card games. Bridge players shoot, rummy players stab—a merely technical difference—Vulcan Advocate.

"Dad intimated that your playing was heavenly."

"He did?"

"Yes. He said 'Where do those unearthly sounds come from,'"

CANADIAN OLD AGE PENSIONS BENEFIT 13,391 PERSONS

Ottawa, Nov. 19.—On Sept. 30, the last date for which figures are available, there were 13,394 old age pensioners in Canada, made up of 7,428 males and 5,966 females. Since the inception of the Old Age Pension Act, a sum of \$3,283,089.25 had been disbursed, the federal and provincial governments sharing equally in this distribution.

British Columbia, the first province to come within the operation of the act, had 4,214 pensioners and had dispensed \$1,590,652.64. In pensions: Manitoba, 4,743 pensioners, who had received \$801,156.84; Alberta, whose provincial enabling act became operative on Aug. 1st, 116 recipients and \$14,516.32 in disbursements. The north-west territories, which is exclusively a federal scheme, had one male pensioner who drew \$516.88.

No payments have yet been made on the account of the province of Ontario.

INSTITUTE PUBLIC LIBRARY

New books are being placed on the shelves in a steady stream. Among those added this week are: "Life of Robert Louis Stevenson," by Mason; "The Hidden Years," by Oxenham; "The Art of Thinking," by Dummitt; "Mission Ties in the Days of the Dona," by Forbes; "New Stories to tell to Children," by Sara Cone Bryant.

Tipping in Canadian hotels is now forbidden. The tipping charges are added to the regular hotel bill.

HILLCREST UNITED CHURCH

Pastor: Rev. J. W. Smith, B.D.

Services Sunday, Nov. 24th—

11 a.m.—Junior School; for boys and girls under 12 years.

2 p.m.—Senior School, for young people over 12 years.

3 p.m.—Public Worship.

INSTITUTE OF MANUAL TRAINING AND HOME ART

The following classes are offered this winter, and will be conducted if sufficient enrollment. An entrance fee of \$1.00 will be charged for all classes. Apply at once to Rev. J. W. Smith.

1. Manual training, 1st year—General principles of woodwork, carpentry, work, puzzle making, use of tools.

2. Manual training, 2nd year—Fitting and joining simple useful articles, model making.

3. English for Canadians.

4. Jessie-art-craft.

These classes are open to any boy or girl or citizen of Blairmore.

Manual Training classes meet at Institute rooms on Thursday, 7 p.m. Jessie-Art-Craft to meet on Thursdays, 2 to 6 p.m. also by appointment with the teacher Rev. J. W. Smith.

A CHINESE PUZZLE

"Can you help me?" said a worried looking individual as he walked into our office the other morning. "I live at Black Diamond and I have got a letter from a man in Okotoks which demands an immediate answer but I can't make out who it's from. I have shown the signature to all the lawyers, doctors and bankers in Turner Valley and the D'Amours and none of them can decipher it. 'Verily, my friend,' said the Editor, after he had recovered from the spasms caused by the sight of the aforesaid signature. "The difficulty has been that of many before thee, but thou hast come to the right party to solve it. Here is where we know the unknowable and we solve the unsolvable. The hidden mysteries of the ages are an open book to our gaze and Einstein's theory of relativity is but as a Sunday School lesson. We can decipher anything from Babylonian Cuneiform and Archaic Greek to modern American."

The only thing that gets away from us occasionally is our own handwriting. If thou wilt wend thy weary way westward thou will come to a door just this side of the emporium where they puteth classic pictures in the windows and sellenth panaceas to cure every ill that mortal flesh is heir to. There thou wilt find thy difficulty solved."

Getting even

Mother (on street car)—If you are not a good boy I shall smack you.

William—You slap me, and I'll tell the conductor my real age.—Pathfinders.

SIX-HOUR DAYS TO MAKE MORE JOBS

CEDAR RAPIDS, Ia., Nov. 14.—Unless a six-hour working day is established within the next three years, the "United States will face the worst unemployment situation ever known," A. F. Whitney, Grand President of the Brotherhood of Railway Trainmen, said in an address here today.

"The machine age has brought about unemployment that already is reacting severely on business by reducing the buying power of the country. Establishment of the six-hour day will not encounter as much opposition as the eight-hour day did in 1916, and when established, will give employment to thousands now cut off of work."

The Elks at High River recently became so savage that they ravaged a moose.

Times have certainly changed in the United States, when a president can draw a crowd with a talk about water.

FOR SALE OR RENT fully modern house situated at Maple Leaf. Apply to H. Blake, Blairmore. Phone 159.

S. F. Hawley, representing the Western Steel Products, Limited, Calgary, was in town on Monday of this week.

When you get \$20 out of a boxing match and then have to pay \$40 to have your teeth fixed up, boxing is a paying vocation.

A man who tried to cover his large head with very little material was nicknamed greyhound, because he made a little hair go a long way.

The big Moose ball will be held in the Moose Hall, Blairmore, on the night of Monday, December 16th, with the Aftermath orchestra in attendance.

W. T. Eddy will conduct a credit auction sale of horses, the property of George Brown, of Beaver Mines, at Cowley on Saturday, commencing at 10 a.m.

Jones had bought a horse. After losing the deal he was not exactly satisfied with his purchase. "There is just one thing I don't like about this horse," he said. "She won't hold her head up." "Oh, that's only her pride," said the dealer. "She will when she is paid for."

MISS BORIS BALFOORD, graduate of the Juilliard School of Beauty Culture, will do Marcelling and Hair Cutting at the Cosmopolitan Hotel, Wednesday of each week, starting December 4th. Phone 92m for appointments. [n28-4]

BRIGHT BOY WANTED, 9 to 14 years of age, to work after school and on Saturdays. Will not interfere with school duties. Good boy and bonuses. Young Canada Boys' Club, apply, stating age, by letter or post card to 103 University Ave., Toronto 2.

What Makes Good Toast?

THAT plate of crisp, hot-buttered toast for breakfast carries good cheer through the day. But do you know that it is the presence of sugar in Bread that gives the delicate golden-brown bloom and beguiling flavor in toasting?

MOTHER'S BREAD

baked with an extra amount of cane-sugar makes perfect toast. It coaxes back the appetite — starts the day right — delights your family at any meal.

Local and General Items

Mr. and Mrs. A. Ptacek were down from Okotoks, spending a few days with Pass friends.

A.P.P. Inspector "Jim" Scott has been elected president of the KIWANS at Lethbridge.

The remains of Alex. Pitrak, who died from injuries at Bellevue, have been taken to Edmonton for burial.

The Vancouver Province gets off this joke: "On account of their red color, Toronto may prohibit cranberries being served with turkey Thanksgiving Day."

Dr. R. K. Lillie was called to Cranbrook yesterday, where his father, Dr. O. Lillie, had entered hospital seriously ill. We learn that he has since somewhat improved.

Joe Atkinson has been chosen president of the Hillcrest Hockey Club for the 1929-30 season. With Joe's push behind the team, the Hillcrest team should make themselves felt.

Don't forget the Whist Drive and Dance under the auspices of the Rebekah Lodge No. 66 I.O.O.F. in the Lodge hall on Wednesday next, December 11th. Good prizes, good music and eats.

Getting ready for the seventh annual round-the-world cruise, the Canadian Pacific liner Empress of Australia docked at New York last week. The big ship started the cruise or Monday.

NOTE—For an up-to-date and artistic Christmas Greeting Card, we can supply them with the following emblems: Masonic, I.O.O.F., K. of P. and K. of C. Let us have your order now.—The Blairmore Enterprise.

The regular-monthly meeting of the Crows' Nest Chapter, I.O.D.E., will be held at the home of Mrs. Jack Patterson on Monday evening, December 9th. Members are requested to meet at the home of Mrs. S. McKay at 7:30.

The new hotel at Michel has been officially opened and is in every respect a "comfy" institution. This new hotel was built by the Crows' Nest Pass Coal Company and is being managed by Mr. and Mrs. James Duncan. Mr. Duncan is a brother of Thomas Duncan, who for a number of years operated a hotel at Passburg later moving to Elko. The Michel hotel is one of the finest and best equipped in the Pass. It has thirty nine bedrooms, many fully equipped with bathrooms and modern conveniences. A beautiful large rotunda dining room and beer shop are features.

Ward Thomas, while out hunting on Wednesday, had a narrow escape from being lost and having to spend the night in the woods. Ward returned early to camp and leaving his rifle went out to meet the rest of the party and help bring in the game. He failed to meet anyone and wandered around for hours and as night came on he realized that he was lost. He decided that the best thing to do was to light a fire and camp for the night. He had only three matches and it was the last one that got the fire going. Some time later the hunters returned and after a search discovered Ward and his fire only half a mile from camp.—Fernie Free Press.

Mr. Fred J. Donkin, for the past few years resident district representative here for the Manitoba Bridge & Foundry Company, is being transferred to have headquarters in Winnipeg. The family will move from here shortly.

General regret is felt at the departure from here of Mr. and Mrs. F. J. Donkin. Mr. Donkin has always taken a keen interest in sport, an ardent fisherman and curler and his presence will be missed this season at the roarin' game. Mrs. Donkin was popular socially, making numerous friends during her brief term of residence here. The best wishes of all accompany them to their new sphere of labor.

COWLEY HAPPENINGS

A. Betts returned with a carload of stock cattle from the Calgary yards on Tuesday.

A whist drive, in aid of the Christmas Tree, will be held in the I.O.O.F. hall on Friday, the 6th.

A social party was held at the United church on the afternoon of November 29th, under the auspices of the Sunday school.

A very enjoyable time is reported from a party put on by Mrs. M. A. Murphy on Friday night for the young people of the district.

Preparations are going forward, by Mrs. C. J. Bundy and Mrs. Robert Littleton, to stage a Christmas entertainment in the I.O.O.F. hall. This promises to be an interesting affair.

The monthly meeting of the Cowley Women's Institute was held at the home of Mrs. Donald on Thursday last. Among other business discussions it was decided to hold a whist drive in aid of the Red Cross in the I.O.O.F. hall on Friday night next, December 13th.

CANADIAN NATIONALITY

Everyone of Canadian nationality is a Canadian; everyone born in the Dominion is of Canadian birth, and everyone whose family has been of three generations residence or more in Canada is a Canadian "in a special sense," according to a report issued by R. H. Coats, Dominion statistician. The trouble is in the origin."

Alberta has 1188 persons on the old age pension roll.

A new wall is to be built at Wall Street. The old one has been tottering.

The Dear Boy

"Did the children behave when you bathed them?" asked the mistress of the new French nursery.

"All but ze biggest boy—and, mumble!—how he fight and kick an' tear the face off me before I could get him in."

"Which biggest boy—we've only boy, and he's only two years old?"

"Eet is no him a tall I mean. 'Tis a boy who wears glasses an' has ze curly hair."

"Boy! Boy! That's not a boy! That's my husband!"

A lady was entertaining the small son of her married friend.

"Are you quite sure you can cut our meat, Willie?" she asked after watching him a moment.

"Oh, yes, yesum," he replied without looking up. "We often have it asough as this at home."—The Lyre.

The nurse was discharged.

Magistrate: "So you only defense is that you were drunk when you kissed the lady. How can you prove that?"

Defendant: "Well just take a good look at her yourself, Judge."

Where will your family live?

One hundred average men (statisticians have found) at death, leave their families in the following condition:

Wealth	1
Comfort	2
Little	15
Nothing (or less than nothing)	82

In which class are you leaving yours? You are deciding now.

In the Sun Life Assurance Company of Canada, it will cost only \$150 per year to guarantee your family \$10,000 at your death, on a fifteen year average basis at Sun Life present results.

Is it worth \$150 to know that their comfort is assured?

Consult the Sun Life representative.

SUN LIFE ASSURANCE COMPANY OF CANADA
HEAD OFFICE MONTREAL

Too Attractive
Her husband had just come home and had his first meeting with the new nurse, who was remarkably pretty.

"She is sensible and scientific, too," said the fond mother, "and says she will allow no one to kiss the baby while she is near."

"No one would want to," replied the husband, "while she is near."

The nurse was discharged.

Magistrate: "So you only defense is that you were drunk when you kissed the lady. How can you prove that?"

Defendant: "Well just take a good look at her yourself, Judge."

A colored maid returned from an afternoon off with her broad face wreathed in smiles.

Well, Mis' Caith, she announced, ah's married a chauffeur!

Congratulations, Hannah, said her mistress. Did you get a good chauffeur?

"Deed Ah did, was the proud reply. Dat niggah was so good de warden cut fo' months off'n his time.

Jimmy: "They say brunettes have a far sweeter disposition than blondes. Do you believe it?"

Bobby: "Decidedly not."

Jimmy: "How do you know?"

Bobby: "Because my wife's been both, and I can't see any difference."

FRED HAINES BROWNS

Frederick E. Haines, Harrop, B.C., ferryman, who was drowned last week, was, according to the Nelson News, at one time identified with newspapers at Macleod, Lethbridge, and Cranbrook. A Harrop dispatch from the News says:

"Frederick E. Haines, whose funeral was held in Nelson on Tuesday, was an old timer in the west. Born in Parkhill, Ontario, 48 years ago, he came west at the age of 12 and worked on the Edmonton Bulletin for six years at the time Hon. Frank Oliver was editor. After leaving Edmonton, he worked a short time at the Macleod Gazette, leaving to take charge of the mechanical part of the Marysville Tribune. Later he worked for some time on the Cranbrook Herald and the Lethbridge Herald when 'Dad' Simpson was the live newspaperman of East Kootenay."

"His next venture was in the Crows' Nest Pass as a railroad man. This he followed for a few years, ending his employment in the 'Crow' at Michel before coming to Harrop where he purchased the J. J. Wilson place where he worked in conjunction with his job as ferryman."

"During Mr. Haines' younger days in the Pass he was a keen follower of lacrosse and hockey, the most favored sport in those days."

BODY OF CARUSO ALWAYS ON VIEW IN NEWEST GARB

PARIS, Nov. 14.—The body of the late Enrico Caruso will be kept dressed in conformity with the latest fashions as long as its condition allows it to remain open to public view in the burial crypt at Naples, Italy. Tito Schipa, noted tenor, told the United Press today.

The body of Caruso since his death in 1921 has rested in a crypt in Canessa tomb, and there permission is granted for visitors to view the remains through the covering of the casket.

"Caruso's closest friends have decided that every three years they will reopen the casket and change the clothing, keeping his remains constantly dressed in the latest fashions as long as the embalming maintains the perfect state of the body," Schipa said.

STRANGE THINGS IN SHIPS

Many curious articles go to make up the cargoes of big freighters which swing in from sea to the busy docks of Montreal. Recently customs officers dealt with a new twin screw yacht of 13½ tons which was included in the cargo of the freighter Beaverford from Hamburg and Le Havre. This craft was brought out from Hamburg for delivery to a New York owner, and was hoisted from the top of one of the Beaverford's holds by the harbour commissioners' 75-ton crane into the water. Made ready for the trip through the canals, and Lake Ontario before being hoisted into the harbour basin, the yacht quietly sailed off on reaching the water. She is an oil burner, and had already made her maiden trip from Bremen to Hamburg, where she was placed on board the freighter.

KLAN'S FUNNY SIDE

While agreeing with the general sentiments as expressed by the High River contemporary, we have found that the Klan does add to the gaiety of life. What is more humorous than hearing of a group of full-grown, serious-minded men climbing to the highest spot in town and deliberately setting fire to a miniature telephone pole—or solemnly conclave in inverted sugar bags and 19th century nightgowns—but the most humorous aspect of the Klan to our mind is the fact that they believe they have a God-given right to regulate public morals, influence local politics, and attack any organized faith with which they disagree. It is so funny that the whole world laughs at their antics.—Drumheller Mail.

"BURNED-OUT" EX-SERVICE MEN

The convention of the Canadian Legion has recommended that free medical treatment be provided for ex-service men who served in the Canadian forces, and for pre-war residents of Canada who served in the British forces.

The recommendation should be adopted at the next session of parliament. It will command the support of all who realize the nature of numbers of "burnt-out" ex-soldiers (to quote the term of the Legion resolution) whose cases cannot be made there may be morally convincing evidence that their breakdown in health is due to war service. The care of such men plainly should be a national, and not a municipal, responsibility. There must be no element of "charity."

From the U. F. A. the recommendation is assured of the most whole-

hearted support. The annual convention two years ago adopted by unanimous vote a resolution precisely along these lines, and the U. F. A. group at Ottawa have been active in its support. The case for hospitalization was so clearly presented at the convention and the reasons why discrimination in such cases is unjustifiable were set forth in such detail, that little more remains to be said. The problem is a national one in the broadest sense, and there can be only one equitable solution.—U. F. A. /

A HONEYMOON DE LUXE

The following article is clipped from a recent issue of the New Glasgow Free Lance:

"A bridal couple and their attendants left North Sydney at 8:30 p.m. on Monday, on their way to Sydney, on the start of their honeymoon.

Down in the hollow at Jackson's

The Mounting Toll of Accidents

"The problem now is to speed up the adjustment of humanity so that it will keep pace with the rapidly increasing development of machinery."

In these words a writer in a recent United States health publication concludes an article dealing at some length with the steady and alarming increase in the number of deaths resulting from accidents. Illustrative of this need for the whole human family to adjust itself to this changing age, it is pointed out that whereas adults rarely are the victims of fatal accidents in the home, this type of accident is not at all uncommon among children who have learned to adjust themselves to the ordinary habits of domestic civilization.

While most public attention centres around the automobile, because from it result more accidental deaths than from any other one thing, and because accidental deaths associated with the automobile have increased so rapidly during recent years, this emphasis tends to overshadow all other hazards and may lead parents to feel that children are perfectly safe when out of the streets and in the home. As a matter of fact, the writer in question points out, the mortality toll from other accidents is more than double that from automobiles.

Indicating the enormous death toll from accidents, figures are quoted showing that in the single state of Illinois, last year there were more deaths from accidents than the combined Union and Confederate armies lost in the bloody battle of Gettysburg, in the Civil War. Further, in the last seven years accidents in that one State accounted for more deaths than the United States lost in soldiers "killed in action" in the Great War.

Coming nearer home, we learn from figures compiled by the Provincial Fire Commissioners for Saskatchewan, and extensively published in the weekly press of this Province, that during the first nine months of this year more persons lost their lives through the improper and careless use of gasoline than coal oil or than from similar causes in any complete year for five or six years past."

All of which tends to reinforce the opinion expressed in the article from which we have quoted that "practically all accidents happen because the people involved are out of tune with their environment. Sometimes the consequences are fatal to the person who is out of tune, and sometimes they are fatal to innocent people." In regard to traffic accidents the view is expressed that these will come under control "just as soon as people generally learn to adapt themselves to the new machine age."

Too much emphasis, perhaps, is laid on the need for more prohibitive legislation and more stringent regulations, and too little upon the education of the people, and especially children, in the exercise of care and plain common sense. Governmental and municipal enactments and regulations there must be, but it has been amply demonstrated that speed limits alone will not stop reckless driving of motor cars, "stop" signs will not prevent level crossing accidents, the label "Poison" does not deter a young child from drinking a harmful drug carelessly left within its reach, while matches and loaded firearms lying around still have an irresistible attraction for all youngsters.

This whole country is crying out for more good roads, hard-surfaced, all-weather highways. No doubt they are an economic necessity and should be provided to the extent that the community can afford to pay for their construction and continued maintenance. But, until the human family readjusts itself to this new age, every additional mile of good road likewise adds to the accident and death toll, because people regard them as an additional incentive to "speed up" and take risks they would not dare to take on an unimproved highway. Statistics prove conclusively that more accidents occur on the better roads than on the inferior and very poor ones.

No restrictive laws and regulations, no more hard-surfaced highways, nor more safety devices on and about machinery, good and desirable as they are, constitute the best protection aginst accidents and avoidable death. Real and the most effective protection rests with the individual human element. Adjustment to the age in which we live must be speeded up with this blot and terrible economic loss of the mount'ng death toll from accidents is to be removed from our present-day civilization.

China Bars Alien Accountants

Law Courts Will Not Recognize
Documents Signed By Them

Foreign accountants will not be permitted to practice in China, according to a recent announcement made by the Ministry of Industry, Commerce and Labor, or the National government. Though they are allowed to carry on their profession within the limits of their foreign concession, it will not be the case, however, that documents or accounts bearing their signatures will be recognized by the Chinese judiciary; if their cases are brought before the Chinese courts.

Would Be Good Advertising

Western Provinces May Erect Buildings At Exhibition Grounds, Toronto

The Provincial governments, Board of Trade, service clubs, and other organizations in Manitoba, Saskatchewan and Alberta already agreed to the plans outlined by the representatives of the Canadian National Exhibition, and it is expected that, within the course of a year or two, the western provinces, not to mention those of the East, will follow the lead of Ontario, and erect buildings of their own at Toronto. Alberta proposes not to wait for the erection of a provincial building, but already has under consideration the erection at Exhibition Park of a duplicate, in size and in all other respects, of the famous E. P. Ranch House of the Prince of Wales.

Grain Act Being Rewritten

When Completed Meetings Will Be Held To Receive Suggestions

Many practical working men in rewriting the Canadian grain act, Mr. Ramsey, chairman of the Board of Grain Commissioners stated in Winnipeg. As soon as it is completed, a series of meetings will be held in Montreal, Toronto, and at one or more points in each of the prairie provinces. Suggestions will be received with the expectation that a bill satisfactory to those most interested can be ready for the opening of the Dominion Parliament. The act is being rewritten by Col. O. M. Biggar, in Ottawa. So many changes were made in the act last session, that it was believed better to have the whole act rewritten. No radical changes in principle are to be inserted in the bill. The House of Commons went very thoroughly into that last spring.

The changes made in the act preventing mixing in the statutory graded had not had much effect this year because the crop did not lend itself to mixing even if there had been no law aginst it. Mr. Ramsey said. Almost 90 per cent of the wheat crop was inside statutory grades and 80 per cent graded number one or number two.

RHEUMATIC PAINS

Cannot Be Rubbed Out — the Trouble Must Be Treated Through the Blood

The pain of rheumatism is something that you cannot rub out. Every sufferer from rheumatism has been advised to rub the limb that is affected on the affected part, but after all the rubbing the pain remained. This blood and rheumatism come together, and when they are properly treated will go together. American means thin blood, and thin blood is something that can be corrected, so why not build up the body so long as the blood is kept rich and red?

This is exactly what is done in the treatment of rheumatism with Dr. Williams' Pink Pills. Rheumatism is any form of disease in which the thin blood is built up, and when the poisons in the blood are overcome and driven out, rheumatism disappears. The doctor says that as long as the blood is kept rich and red, the great value of Dr. Williams' Pink Pills in the treatment of rheumatism is realized. The doctor says that when the blood is built up, the pain is relieved, and has shown since the least sign of returning."

"You can get these pills from your druggist, or by mail at 5 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Humbug In Politics

Philosophical Remarks Accredited To the Late "Tay Pay" O'Connor

Looking back over a long and active career "Tay Pay" O'Connor in his 51st year made this observation from the wheel chair in his London apartment: When a man gets to be old he realizes that there is a lot of humbug in politics, that often what situation would have been changed if there had been enough doctors to go around."

The philosopher who reaches that stage of life when he has nothing to fear finds politics an unchanged art, its practitioners much the same in every country and its comedy amusing except when it is freighted with tragedy for the innocent.—New York Sun.

Wise mothers who know the virtues of Mother Grief's Worm Salve always have it at hand, because it proves its value.

More than 23,000 persons were reported as missing to the New York police department last year, and 97 per cent were located.

PALPITATION

Throbbing of Heart
After the "Flu"

Mrs. J. Cunningham, Sault Ste. Marie, Ont., writes: "Last February I had a severe attack of palpitation which left me with palpitation and throbbing of the heart.

"I felt very weak and tired so began to take

and used about six boxes and have found them to be a great deal, and very thankful for having found such a good medicine."

Price, 50c, a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

CARTER'S LITTLE PILLS

Women Are Making Progress As Aviators

Have Yet To Be Proved Man's Equal As Pilot

The Toronto Telegram in its weekly feature "With the Flyers" takes up the question of women. It was long ago agreed that women make good skydivers, that they like the clean thrill of flying and their nerve is about as steady as a man's, but whether they will prove equal to a man as a pilot remains to be seen. They might, for once upon a time men scoffed at the thought of women driving a car. Most men still declare that women are wash-out drivers, but there are lots of poor drivers among men and lots of experts among women.

About the only place women seem to be failing to make headway, as Amelia Earhart complained recently, is on the big ships. They are not obtaining the training necessary to vie with men on the established runs of the big transporting companies. Perhaps the males, if they are apprehensive of the march of women-of-wings, can take comfort out of that. It is not likely that women will ever fly as pilots of large passenger and freight carriers.

Air transport lines report a steadily increasing number of women in the world over. Already dealers are working women to promote air-mindedness amongst others of their sex. The only place in aviation which women can't enter fortunately or unfortunately, according to your point of view, are the army and navy flying schools, which up to now, at least, have been said to be more or less ideal in developing pilots. But every civil flying school in the world is glad to train women; countless women are learning to fly later, and even the Federation Aeronautique Internationale, the airports governing body of the world, has decided in Copenhagen to create a separate category for women flyers. So they are not only recognized as a factor, but one of ever growing importance.

A Museum For Children

New Haven, Conn., now has a museum exclusively for children. The museum is a branch of the Peabody Museum of Yale University, and is stocked with objects of particular interest to children. Educators have recommended the project.

Useful In Camp — Explorers, surveyors, prospectors and hunters will find Dr. Thomas' Electric Oil very useful in camp. When the feet and hands are wet and cold it keeps them freely and the oil and the resin in the oil and the resin will be the prevention of pains in the muscles, and should a cut or sprain or sprain be sustained, nothing could be better as a dressing or lotion.

Recipes For This Week

(By Betty Barclay)

MACEDONINE OF FRUIT

(Serves 6)

1 cup diced pineapple.

½ cup grapefruit cut in pieces.

½ cup apple cut in pieces.

1 cup orange sections.

½ cup confectioner's sugar.

Orange ice.

Combine the fruits and add sugar. Mix and chill thoroughly. When ready to serve put some of the fruit and syrup in an individual serving dish and place on it a bell of orange ice.

PLUM PUDDING

1 package chocolate jello.

1 pint milk.

½ cup raisins.

½ cup dates.

½ cup figs.

1 cup water.

½ cup sugar.

1 tablespoon lemon juice.

½ teaspoon cinnamon.

½ teaspoon clove.

Cut raisins, dates and figs in small pieces; add water and cook slowly until tender. Add sugar and boil until thick. Add lemon juice. Cool slightly; place in bottoms of individual dessert glasses. Warm the milk until trifles more than lukewarm—not hot—remove from stove, and dissolve in it the chocolate jello. Add spices; pour over fruit and let stand in a warm room until firm. Chill before serving. Top with whipped cream and maraschino cherry.

Scandalized Judge (to enraged attorney)—"Silence! I have given five dollars for contempt of court."

Enraged Attorney (planting down \$20 bill)—"Five dollars doesn't begin to express my contempt for this court."

Good For Toothache—Minard's Liniment.

Radio Roads Across Sea

New Development Would Upset Science and Art Of Navigation

Remarkable claims are made on behalf of the new radio development perfected by M. Lott, and just announced to the French Academy of Sciences. He proposes, by means of radio towers on the European and American Atlantic coasts, and electric waves transmitted across the sea, to guide ships and planes surely and inexpensively between two continents. In his view he has so far passed the necessity of charts and compasses, navigators and pilots. Their place will be taken by radio operators and interpreters, who will send the guiding beams from shore to ship, and interpret them when they are receiving. The appointed routes will be changed as circumstances require, and in accordance with traffic and weather conditions as these are gauged by a skilled pilot on land.

These proposals have created a sensation in Europe where announcement has already been made that the first radio towers will be erected in the British Isles. Similar towers have already been tried on a smaller scale and proved effective for the direction of aircraft. Radio roads across the sea are thus both a possibility and a probability. They would upset the science and art of navigation, first developed by the Phoenician traders thousands of years ago and not materially modified since then. This is another startling and unforeseen consequence of the arrival of the vacuum tube, an English discovery, by the way, whose glowing filament became the master magician of our age.

A Mixed Farming Country

Saskatchewan Increasing Dairy and Poultry Output

While the fame of the Province of Saskatchewan rests principally on the fact that within its boundaries more than half of the wheat grown in all Canada is produced, it is also a very important dairying and mixed farming province, producing apples, a substantial quantity of butter, and the bread it produces. In October of this year the output of creamy butter was 1,191,995 pounds, an increase of 400,928 pounds or 50.7 per cent over the production in the corresponding month last year. Saskatchewan is also an important factor in the egg and poultry market. Many a prize turkey that graces the dining table in homes in Eastern Canada and the United States at Thanksgiving and Christmas is the product of Saskatchewan. Practically all the eggs and poultry from the farms of the province are marketed by the Saskatchewan Egg and Poultry Pool, the directors of which are all women, farmers' wives, except one mere man.

Shops On Atlantic Liner

Fully Equipped Store Now Accommodates Passengers On "Aquitania"

An innovation on the British Atlantic liner "Aquitania" takes the shape of a tailor's, dry-goods, and general shopping centre. Until now the barbers' shop has been the place on board ship where many "side-lines" beyond those belonging to the barber's trade might be found. Now there is installed on the "Aquitania" a fully equipped West End store, in which the traveller in one direction can fit himself out for his tour in Europe, and those who have been too hurried to give time to clothes can replenish their wardrobe before returning. The mayor of Southampton was the first customer to buy two neckties.

One of these he sent as a present to the Mayor of New York with the message, "We are sending you a bit of Regent Street."

Persian Balm creates lovely complexion. Velvety smooth. Cools and relieves the skin. Makes it delightful soft-textured. Alluringly fragrant. Delights the skin and tones the tissues, imparting that elusive charm so distinctive of the dainty woman. Persian Balm protects the delicate skin of babies and young girls in that way we always have a number of cows to sell. The clipping improves the appearance of the cow and adds to its value.

New Kind Of Bait

The finger of an old kid glove is great fishing bait, in the opinion of Charles Seibol, Amsterdam, N.Y. Twenty-three black bass, on display at a local sports store, were taken in one day from Schenectady Creek by this method, according to Seibol. They average two and one pounds and were more than eleven inches long.

Scandalized Judge (to enraged attorney)—"Silence! I have given five dollars for contempt of court."

Enraged Attorney (planting down \$20 bill)—"Five dollars doesn't begin to express my contempt for this court."

Invents Weather Control

French Engineer Claims His Device Will Avoid Storms

The weather of the Atlantic soon may be controlled by radio.

Mr. Lott, a French engineer, has performed a radio control which he claims will make it possible for an inexperienced aviator to pilot his plane from Paris to New York without fear of running into bad weather.

Similarly, ships could be navigated by sailors with no knowledge of compasses, sextants or weather maps.

Radio light beams form the secret of Lott's weather control, which just been shown to the French Academy of Science. Through land stations transmitting his weather radio waves, which are similar to the Hertzian waves, Lott says he can direct a ship or an airplane so that all bad weather is avoided.

Wide Use Of Combines

In 1928, states the Department of Agriculture, combines were used in Western Canada to harvest wheat, oats, barley, rye, flax, canola, mustard, clover, and beans, from Winnipeg to the foot-hills of the Rockies and from the International Boundary to Township 80 in the Peace River District. The number used in 1928 showed a large increase over 1928.

The water is so clear in the fords of Norway that objects an inch and a half in diameter can be distinctly at a depth of 150 feet.

He Asked Them Does It Pay To Clip Cows?

A CERTAIN farmer wanted the facts about clipping cows so he wrote to us for names of persons who clip their cows. He wrote them. Now he himself is so pleased with the Stewart Clipping Machine he sent us the machine which has helped him. The clipping machine is a good investment. Here are some of them:

Hawkesbury. "A short of stay" which reduces time necessary to keep cows clean—and must say since using the machine have not had any trouble with it."

Jordan. "We find it much easier to clean cows—more time to clean cows—less time to clean cows—thus improving the quality of our milk."

Whitby. "And it certainly is a wonderful help in reducing lice."

Gadsden. "We find it much easier to clean cows—more time to clean cows—less time to clean cows—thus improving the quality of our milk."

Whitefield. "Find it much easier to clean cows—more time to clean cows—less time to clean cows—thus improving the quality of our milk."

Manitoba. "Find it much easier to clean cows—more time to clean cows—less time to clean cows—thus improving the quality of our milk."

Barrie. "Find it much easier to clean cows—more time to clean cows—less time to clean cows—thus improving the quality of our milk."

Atmospheric. "Find it much easier to clean cows—more time to clean cows—less time to clean cows—thus improving the quality of our milk."

St. John. "Find it much easier to clean cows—more time to clean cows—less time to clean cows—thus improving the quality of our milk."

Atmospheric. "Find it much easier to clean cows—more time to clean cows—less time to clean cows—thus improving the quality of our milk."

Atmospheric. "Find it much easier to clean cows—more time to clean cows—less time to clean cows—thus improving the quality of our milk."

Atmospheric. "Find it much easier to clean cows—more time to clean cows—less time to clean cows—thus improving the quality of our milk."

BANKING ON NON-PROFIT BASIS IS PLAN OF FARMERS

Saskatoon, Sask.—Co-operative banking on a non-profit basis is hailed as the next step in monetary reform by an inter-provincial farm organization committee which concluded sessions here.

The committee members were representatives of farm organizations in Manitoba, Alberta, and Saskatchewan. John Arnott, of Roblin, Man., A. F. Aitken, of Moyerton, Alta., and George F. Stringer, of Saskatoon, Sask., the meeting was held in the central offices of the United Farmers of Canada, Saskatchewan section here.

The object of the conference was to lay the foundation for co-operation of educational work of the three farm organizations of the prairie provinces regarding monetary reform.

A summary of reports from delegates of monetary reform holding different views were read, after which the committee considered three different viewpoints of procedure:

1. To seek to amend the present banking system.

2. To ignore the present system and seek the establishment of an entirely different system.

3. To seek by amendments to get what benefits possible from the present system through the development of co-operative banking at the same time keeping in view the changing of the present monetary system so that consumption of goods can keep pace with the fullest possible production.

The committee was of the opinion that the latter suggestion should be the basis of educational work.

Rolled Oats Mills Complain

Saskatchewan and Manitoba Win With Clydesdales At Royal Fair

Toronto—Saskatchewan and Manitoba kept the west to the forefront in the Clydesdale classes of the Royal Agricultural Show, each province winning a championship for stallions. The exhibitors from these two provinces won many other awards. University of Saskatchewan being awarded among other wins, first and fourth for three get-of-sires and two animals progeny of dam. It was Manitoba Day at the Fair, and the province celebrated the occasion in appropriate fashion.

Manitoba's great triumph was the victory of Arapian Emigrant, the stallion which was awarded the Caris Rife and Walker House trophy, the finest trophy offered at any Canadian exhibition for best Clydesdale stallion in the show. This is the second time that this horse, owned by the Weston Horse Syndicate, has won the trophy and the fourth time in the eight years that it has been competed for that it has gone to Manitoba. Saskatchewan has won it three times and Ontario once.

Clue To Whereabouts Of Missing Aviators

New Search Will Be Started For Eleeson and Borland

New York—A new search by land and sea will be under way for Carl Eleeson and Earl Borland, who were lost in their plane in the ice field surrounding North Cape, Siberia. Officials of the Aviation Corporation announced they had received the first definite clue to Eleeson's whereabouts since he pushed his plane into a blizzard on Nov. 9, while flying to the rescue of the ice-locked ship Nanuk.

Graham B. Grosvenor received the following telegram from Frank Dorband, of Alaska Airways Inc., a subsidiary of the Aviation Corporation, at Teller, Alaska:

"Another dog team arrived from Nome and reported seeing smoke in the foothills 86 miles east of North Cape. No natives in that area probably Eleeson. Unforeseeable weather and shortage of dog teams made immediate search impossible. Returning to search. Russ' an' plane leaving from Providence Bay to seek Eleeson."

Honors Were Divided

Saskatchewan has won it three times and Ontario once.

Had Miraculous Escape

Shipwrecked Mariner Turns Up Alive After Hope Had Been Abandoned

London, England.—A Maltese fisherman named Attard, supposed to have been drowned when the steamer Molesey was wrecked with the loss of eight lives in a gale two days ago, created a sensation in a hotel at Milford Haven by a sudden appearance.

He had remained sealed aboard the wreck until calmer water permitted him to scramble to shore over the great Milford Rock, wh ch rises steeply from the sea. His feet were cut in a record one.

By chance a retired naval officer in a motor boat spotted Attard on the rock and took him off stiff with cold and almost exhausted.

Congratulations For Minister Of Finance

Hon. C. Dunnigan Receives Messages From All Over Dominion

Toronto Show One Of The Most Successful Ever Held

Toronto—The close of the Royal Winter Fair concluded one of the most successful affairs in the history of the exposition.

Ontario held premier place in the events of closing day. An impressive display of prize winning livestock, floats loaded with produce from the farms and the presence of the scarlet uniformed dragoons gave a final burst of color to the fair.

From the points of view of attendance and receipts, high quality of exhibits, particularly in livestock, this fair has never been excelled, said Duncan O. Bell, Brampton, president.

Racing Against Time

Quebec, Que.—Paul Paquin and Dick Lessard, trans-Canada canoeists, who left Vancouver on May 1, hope to complete their long voyage to Halifax, N.S., before the river through which they must travel freezes up, and are proceeding as fast as possible to their destination.

Departing Urnry Men

Toronto—Regarded as unfit for work on Canadian farms on account of conditions, a number of unemployed men who immigrated from Great Britain and who have been creating a problem for local immigration officials, will be deported.

First Airplane Theft

Kamloops, B.C.—Two members of the militia have disappeared here. Two armed men bound and gagged a serving attendant and flew away in East Stephenson's maroon and yellow plane, fuelled and ready for a 500-mile flight.

North Carolina is establishing a Hall of Fame of historic trees.

Railway Earnings Less

Small Movement Of Wheat This Year Reflected In Reduced Revenues

Truro, N.S.—S. J. Hungerford, vice-president of the Canadian National Railways, who is here on a tour of inspection, said that "the wheat situation this year will seriously affect the earnings of railways in Canada. The movement of wheat this year does not exceed 20 per cent. of the movement at this time last year." Mr. Hungerford said, adding that the future of the situation was problematical.

Because elevator space throughout the West and at the head of the Great Lakes is well filled with storage wheat, Mr. Hungerford did not think there would be any considerable increase in the movement of wheat.

Because elevator space throughout the West and at the head of the Great Lakes is well filled with storage wheat, Mr. Hungerford did not think there would be any considerable increase in the movement of wheat.

A married man is always better informed than a single one. What he doesn't know his wife tells him.

One issue of last week's Calgary Herald shows pictures of parts of Newfoundland affected by the recent earthquake. One of the scenes is given as that of the harbor of Miquelon. Unfortunately, there is no such harbor, and it should have been mentioned as the harbor of St. Pierre, which is one of the finest small harbors in the world.

The value of Canada's automobile production for 1928 was \$162,000,000, and the number of employees engaged in the industry was 16,700.

Joseph Kelly, who escaped from the Youngstown jail several weeks ago when awaiting trial on two hold-up charges, has been arrested by police in Detroit. He was travelling under the name of Joseph Ryan in Detroit. Extradition is being sought, when it is hoped he will be brought back to Alberta.

Local and General Items

Bill Henderson will this winter have charge of junior hockey at Lethbridge.

Occasionally you see a man driving a car so carefully that you conclude it must be paid for.

Edward Conville, manager of Burns' creamery at Nanton, was killed instantly when run over by a train on Friday last. He leaves a wife and three children.

EYES EXAMINED. Phone Blairmore Pharmacy for appointments. Will be in Blairmore on Saturday, December 7. E. J. ANDERSON, B.Sc., attending.

"The Mysterious Island" is one of the strangest romances in history. Fantastic in conception, partly filmed in the bow of the ocean amid weird and beautiful settings in natural colors, it is coming to entertain and thrill you at Cole's Theatre Bellevue 5-6-7.

This adventure classic by Jules Verne, in which this celebrated writer foresees the submarine and radio long before their time, has been printed in every language of the earth. As a picture with talking sequences it spreads before your startled eyes all of the exciting exploits and fanciful adventures which made the novel so thoroughly thrilling.

One day last week we met a prominent citizen, native of Italy, on the street. As we approached him, he began sparring. We smilingly remarked: "Go on, you darned scoundrel!" to which he sullenly replied: "What, you insult me?". We proceeded a little farther along and met a Chinaman. Accosting the celestial in the same manner we elicited this response: "I thank you."

Inspector J. O. Scott, of the A.P.P., was in from Lethbridge on Friday last, visiting the local detachment.

There may be 40,000 germs in a good old fashioned kiss, as the doctors say, but there's some risks that just have to be taken.

Mr. and Mrs. Scotter, of Blairmore, are receiving congratulations on the birth of a son on Monday, November the 25th, at St. Vincent's hospital. —Pincher Creek Echo.

Mr. Bond, of Lethbridge, who had been relieving Mr. Greisbach at the local customs office for a few weeks, returned home on Tuesday, having enjoyed his visit here, making many friends.

Monday night was observed at the arena as South night, when seven hundred and twenty members of the clan enjoyed themselves for the first time since a similar occasion a year ago at skating. Henceforward the admission fee will be in effect.

During last week local district business folk were approached by a representative of a foreign printing house, who in some cases at least succeeded in duping them into ordering stationery by the usual scare that a very great advance in the price of paper was about to take place. We sympathize with those who have been made suckers. We never attempted such tactics and when any of our customers, or should be customers, catch us in such act, we will supply them with stationery for the rest of their days gratis. There is not the slightest likelihood of the price of paper advancing, and even if it does, we guarantee that our prices will not be affected one iota thereby. "Buy your goods at home" is in the long run the best advice we can give.
